

UPGRADING OPENING PROTECTIONS (EXTERIOR & GARAGE DOORS)

**REPLACING STANDARD MODELS WITH HURRICANE-RATED MODELS
WILL SIGNIFICANTLY INCREASE THEIR ABILITY TO WITHSTAND HIGH-FORCE WINDS
AND FLYING DEBRIS DURING SEVERE WEATHER EVENTS.**

FOLLOW THE 3 STEPS TO STRENGTHEN YOUR HOME AND SAVE ON INSURANCE

STEP 1

Get Your **FREE** Wind Mitigation Inspection

Before anything else, you must apply for and complete the required MSFH wind-mitigation inspection.

This professional inspection identifies what upgrades your home needs to better withstand hurricanes.

STEP 2

Apply for the MSFH Grant

Once your inspection is complete and you've been approved for a grant (up to \$10,000), you can decide which eligible improvements to move forward with.

Missing Hurricane Resistant Features

☐ Roof-to-Deck Attachments	☐ Roof-to-Wall Attachment
☐ Secondary Water Resistance (SWR)	☒ Opening Protection

STEP 3

Choose Your Upgrades

- Talk to your insurance agent
- Talk to your local Florida contractor

You choose your opening protection:

- Exterior doors
- Garage doors

GARAGE DOOR

EXTERIOR DOOR

**AVERAGE
COST***

\$1,050 - \$1,725

\$970 - \$1,540

YOUR SAVINGS TBD

Last year, on average, thousands of Florida homeowners saved \$932. *Your savings will differ.*

Pensacola, Jacksonville, Miami, Melbourne, Tampa, Naples

DO THE MATH

[Click to Calculate
Your Savings](#)

- The maximum MSFH grant is \$10,000. Impact-rated doors can cost more, but the grant can significantly reduce your out-of-pocket expense.
- This wind-mitigation upgrade can reduce your insurance premium. Contact your insurance agent or carrier for your specific savings.
- Protect what's inside your home with new doors.

*Average cost estimates based on 1750 square foot home in Florida.
