

Program Update

A My Safe Florida Home Program Steps Check List

The My Safe Florida Home (MSFH) Program, run by Florida's Department of Financial Services (DFS), helps homeowners strengthen their homes against hurricanes and potentially save money on insurance. It has two main parts:

1. **Free Hurricane Mitigation Inspection** – Identifies your home's existing hurricane-resistant features and recommends improvements.
2. **Hurricane Mitigation Grant** – Provides funding (if eligible) to complete recommended improvements.

The MSFH Program Process

THE INSPECTION PHASE

- ☐ 1. **Prioritization Questionnaire** - Sorts homeowners into Groups 1-5 (based on age & income).
- ☐ 2. **Apply for Inspection via the Applicant Portal.**
- ☐ 3. **Initial Inspection Scheduled with Designated Program Inspector.**
- ☐ 4. **Receive Initial Inspection Report** that lists existing features and recommended improvements.
- ☐ 5. **Indicate Interest in Grant** - Opt in to continue.

THE GRANT PHASE

- ☐ 6. **Apply for Grant** (if eligible).
- ☐ 7. **After Receiving Grant Approval**, select and enter chosen Florida contractor and complete mitigation project.
- ☐ 8. **Schedule Final Inspection** (required at completion of mitigation project).
- ☐ 9. **Receive Final Inspection Report** - Send to your insurance carrier and request premium discount.
- ☐ 10. **Submit Draw Request** - Provide contractor's invoices with scope of work, proof of payment, and insurance documents to receive reimbursement.
